Choose your category

The Green Nature 808 range is produced through our established manufacturing network. The same capability is available to qualified buyers creating a range under their own brand.

Body care	03
Facial creams and serums	04
Eye, lip and cleansing	06
CBD balms and roll-on	07
CBD, CBN and CBG oils	09
Bulk filling and pastes	12
Pet and vitamin formats	14
Presentation and enquiries	16

Products are manufactured to order through qualified production partners. The written order confirmation records the selected product, formulation, pack, quantity, documents and delivery. Manufacturing and market status remain specific to the selected product and destination.

Creams and sports gel

Three GN808 body-care options in 100 ml airless dispensers.

GN-W01

GN808 Glucosamine Cream

A topical glucosamine cream for the GN808 body-care and massage collection.

Pack: 100 ml airless dispenser.

GN-W02

GN808 Leg Care Cream

A dedicated leg-care cream in the same coordinated GN808 airless pack family.

Pack: 100 ml airless dispenser.

GN-W03

GN808 Sports Gel

A fast-spreading gel format that adds a lighter texture to the body-care collection.

Pack: 100 ml airless dispenser.

Each product is manufactured to an approved specification. Ingredients, texture, claims and market status are confirmed before production.

BUILD ORDER >

Day and night creams

Complementary cream formats for the GN808 facial-care collection.

GN-W05

GN808 Collagen Day Cream

A daytime facial cream formulated with collagen and hyaluronic acid. Final ingredients and permitted label wording are confirmed for the selected market.

Pack: 50 ml glass jar.

GN-W04

GN808 Night Cream

An evening facial cream formulated with coenzyme Q10, argan oil and shea butter. Final ingredients and permitted label wording are confirmed for the selected market.

Pack: 50 ml glass jar.

The GN808 jar family is shown. Product-specific naming and label copy are finalised for each approved formula.

[BUILD ORDER >](#)

Facial serums

Two distinct formulations in a consistent GN808 pipette-bottle presentation.

GN-W06

GN808 Facial Oil Serum

An oil-based facial serum format for customers seeking an oil step within their skincare collection. The pipette bottle allows small quantities to be dispensed. Final oils, fragrance and cannabinoid content require confirmation.

Pack: 30 ml glass bottle with pipette.

GN-W07

GN808 Facial Serum

A lightweight lifting-serum format for the GN808 facial collection. Final composition, texture and approved label wording are confirmed before production.

Pack: 30 ml glass bottle with pipette.

GN808 presentation shown. Final formula, label and availability are confirmed before production.

[BUILD ORDER >](#)

Eye, lip and cleansing

Specialist products to complete the facial-care collection.

GN-W08

GN808 Eye Contour Serum

A compact roll-on serum for controlled application around the eye contour.

Pack: 10 ml glass roll-on bottle.

GN-W09

GN808 Lip Care

A precise small-format product for a dedicated lip-care step.

Pack: 5 ml glass bottle.

GN-W10

GN808 Cleansing Gel

A facial cleansing gel that completes the GN808 cream-and-serum routine.

Pack: 150 ml airless dispenser.

Final ingredients, applicators, directions and permitted label wording are approved for the selected formula and market.

BUILD ORDER >

CBD balms

Four strength and jar combinations within one GN808 balm family.

A GN808 CBD balm made with hemp extract in a plant-oil, butter and wax base, including shea and cocoa butters with botanical oils. Choose the CBD strength and jar size for the finished product.

REFERENCE	CBD	JAR
GN-W11-1	1%	30 ml
GN-W11-2	2%	30 ml
GN-W11-3	3%	30 ml
GN-W11-100	1%	100 ml

Final INCI, cannabinoid profile and percentage basis are confirmed for the selected formula. The 30 ml GN808 jar is shown.

[BUILD ORDER >](#)

Balm and roll-on

Two additional GN808 formats for a focused topical collection.

GN-W12

GN808 Intensive CBD Balm

A 20% CBD balm with purified hemp extract in a plant-butter, oil and wax base.

Pack: 30 ml glass jar.

GN-W13

GN808 Targeted Roll-on

A compact topical roll-on for controlled local application.

Pack: 30 ml glass roll-on.

The selected formulation defines the final ingredients, cannabinoid profile, directions and compliant market positioning. No unapproved therapeutic claim is applied.

Both formats use the coordinated GN808 green-and-gold presentation shown.

BUILD ORDER >

GN808 CBD Oil

Six catalogue strengths in 10 ml and 30 ml glass bottles.

A cannabidiol-focused oil range with a choice of carrier and concentration. The finished GN808 formula will specify the cannabinoid spectrum and THC limit, allowing buyers to select the required profile and bottle size.

REFERENCE	STRENGTH	BOTTLE
GN-W14-5	5%	10 / 30 ml
GN-W14-10	10%	10 / 30 ml
GN-W14-15	15%	10 / 30 ml
GN-W14-20	20%	10 / 30 ml
GN-W14-25	25%	10 / 30 ml
GN-W14-30	30%	10 / 30 ml

Carrier choices: olive, hemp or MCT oil. Final cannabinoid profile, concentration basis, ingredients and destination eligibility confirmed before production.

[BUILD ORDER >](#)

GN808 CBN Oil

Six catalogue strengths in 10 ml and 30 ml glass bottles.

A cannabinol-focused oil range, offered as a separate product family. Select the CBN concentration, carrier and bottle size; any additional cannabinoids or terpenes are defined in the final specification.

REFERENCE	STRENGTH	BOTTLE
GN-W15-5	5%	10 / 30 ml
GN-W15-10	10%	10 / 30 ml
GN-W15-15	15%	10 / 30 ml
GN-W15-20	20%	10 / 30 ml
GN-W15-25	25%	10 / 30 ml
GN-W15-30	30%	10 / 30 ml

Carrier choices: olive, hemp or MCT oil. Final cannabinoid profile, concentration basis, ingredients and destination eligibility confirmed before production.

[BUILD ORDER >](#)

GN808 CBG Oil

Six catalogue strengths in 10 ml and 30 ml glass bottles.

A cannabigerol-focused oil range with six concentration options. These are separate CBG oils, not combined CBD-CBG formulations. The complete cannabinoid profile is confirmed for the selected GN808 recipe.

REFERENCE	STRENGTH	BOTTLE
GN-W16-5	5%	10 / 30 ml
GN-W16-10	10%	10 / 30 ml
GN-W16-15	15%	10 / 30 ml
GN-W16-20	20%	10 / 30 ml
GN-W16-25	25%	10 / 30 ml
GN-W16-30	30%	10 / 30 ml

Carrier choices: olive, hemp or MCT oil. Final cannabinoid profile, concentration basis, ingredients and destination eligibility confirmed before production.

[BUILD ORDER >](#)

CBD Oil in Bulk

Ready-formulated carrier oil for a separately agreed filling requirement.

CBD extract formulated into olive, hemp or MCT carrier oil. This bulk option supports a defined filling programme; it is separate from the finished retail bottles in the collection.

REFERENCE	CBD STRENGTH
GN-W17-5	5%
GN-W17-10	10%
GN-W17-15	15%
GN-W17-20	20%
GN-W17-25	25%
GN-W17-30	30%

Supply specification

Agree cannabinoid profile, carrier, batch quantity, container and handling requirements. Catalogue quantity bands: 1-5 kg, 5-20 kg, 20-50 kg and 50-100 kg.

Bulk container artwork and final specification are agreed for the order. No retail dispensing instructions are implied.

[BUILD ORDER >](#)

GN808 Extract Pastes

Three separate cannabinoid options in 5 ml plastic syringes.

GN-W18

GN808 CBD Paste

Full-spectrum CBD paste in a coconut-oil and beeswax base.
Strengths: 20%, 30%, 40% or 50%.

Pack: 5 ml plastic syringe.

GN-W19 / GN-W20

GN808 CBG Paste and CBN Paste

Separate CBG and CBN paste options, each at 20% or 30%. The corresponding recipes use coconut oil, beeswax and lecithin. These are not a combined CBG-CBN product.

Pack: 5 ml plastic syringe per product.

The syringe is the selected packaging format, not a dosing instruction. Final formula, concentration basis and intended use are confirmed per product.

[BUILD ORDER >](#)

GN808 Pet CBD Oil

A GN808 pet CBD oil range, manufactured to order and confirmed for the selected product and market.

Available strengths

REFERENCE	CBD	BOTTLE
GN-W21-2	2%	10 ml
GN-W21-5	5%	10 ml
GN-W21-10	10%	10 ml

Product confirmation

GN808 Pet CBD Oil is manufactured to order against an approved specification. Species, ingredients, intended use, directions and destination eligibility are established before sale. No veterinary indication or dosage is stated here.

The listed strengths define real manufacturing options, subject to product and market confirmation.

[BUILD ORDER >](#)

GN808 Vitamin D3 + K2

Liquid vitamin formats in 10 ml glass bottles.

Available manufacturing formulas

GN808 REFERENCE	FORMULA CODE
GN-W22-A	D1000 + K2 10
GN-W22-B	D1000 + K2 20
GN-W22-C	D2000 + K2 10
GN-W22-D	D2000 + K2 20
GN-W22-E	D4000 + K2 20
GN-W22-F	D4000 + K2 40

Order confirmation

D3 and K2 forms, quantities, serving size, carrier, ingredients and permitted label wording are confirmed in the approved product specification. Formula codes identify manufacturing options; they are not dosage instructions.

Each 10 ml GN808 product is manufactured to the confirmed formula and destination-market requirements.

[BUILD ORDER >](#)

One consistent collection

A European-manufactured collection with a distinct Green Nature 808 presentation.

The GN808 design

Deep green labels, the original GN808 mark, restrained gold details and clear product names. Bottles, jars and dispensers use a shared visual style while preserving the right pack for each product.

Production confirmation

Formula, ingredients, pack size, label text, manufacturing arrangements and order quantity are recorded before production. MOQ, lead time and the applicable market status are confirmed per SKU.

GN808 product presentations are shown. Final artwork is approved with the manufacturer for the destination market.
